

Disseminating the findings of research

Alison Booth
Paul Wilson

THE UNIVERSITY *of York*

About CRD

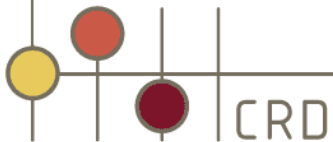

CRD actively disseminates the findings of good quality research evidence and promotes its use in practice and policy

- **Systematic reviews**
- **Guidance and methods**
- **DARE, NHS EED and HTA**

Part of the National Institute for Health Research (NIHR) and is a department of the University of York

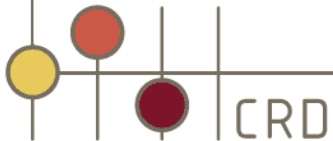

CRD dissemination

Ensure that those who need to know about a piece of research get to know about it, and can make sense of the findings in relation to the realities or their own decision making environment

Elements of CRD dissemination

- **push - supply (researcher) led distribution**
- **pull - facilitate demand (audience) led access**
- **linkage and exchange - two way communications**
